DZÜKOU VALLEY

You won't believe your eyes

Nagaland is a mountainous state in northeast India, bordering Myanmar. It's home to diverse indigenous tribes, with festivals and markets celebrating the different tribes' culture.

The Dzükou Valley is located at the border of the northeastern states of Nagaland and Manipur. The hill can be accessed from both the sides. During the monsoons, the valley is in its best form with wild flowers adorning the valley in all its might. The night sky as seen from there is quite something.
